Thierry Breton

Chairman of the Board and Chief Executive Officer, Atos SE

The Atos group in 2012

In 2012, we continued to create a European competitive company with global reach.

We invested to deliver innovation and enhance our partnerships in key areas such as cloud services, enterprise social networks, e-payments,...

The Board of Directors expressed its great satisfaction on our overall performance in 2012, which was the first full year of the new Atos SE.

Despite the continued volatility in the global economic environment, we reached all our financial objectives thanks to our strong discipline in execution.

Looking ahead, the company remains well-positioned to continue delivering significantly value for our customers and shareholders and in this context Atos has decided to carve-out payment and merchant transactional activities by mid-2013.

The Atos group in 2012

Strong commercial activity throughout the year, led to a record order entry at EUR 10 billion. This represents a **book to bill ratio at 113 percent** thanks to major bookings in Managed Services and in BPO, and at the end of the year in Systems Integration. The book to bill ratio for the Group was **118 percent** excluding the Siemens account, for which the backlog already includes the majority of the Global IT contract.

Revenue was **EUR 8,844 million, up +29.8 percent** compared to 2011 on published revenues, representing an **organic growth of +0.8 percent**. The four largest Business Units are Germany and the UK with 19 percent of total revenue each, and Benelux and France with 11 percent each.

Operating margin was **EUR 580.0 million**, representing **6.6 percent of revenue** compared to 4.8 percent in pro forma figures of 2011. The Group generated in 2012 **EUR 259 million of free cash flow**. Net cash position was EUR 232 million at the end of 2012. Net income Group share stood at **EUR 224 million** compared to EUR 182 million in 2011 statutory.

A new strategic step for Atos: carve-out of payment and merchant transactional activities

The Group announced the decision to carve-out Atos payment and merchant transactional activities around Atos Worldline and specific transactional businesses, which is expected to be finalized by mid-2013. The defined scope is estimated to have generated revenue of EUR 1.1 billion in 2012, up +5 percent with an operating margin rate of 15 percent.

The carve-out will reveal this new entity as worldwide player and European leader in the payment space with a more integrated and efficient management of operations. It will provide the strategic and financial flexibility to expand its product offerings across the entire transaction value chain including alliances and partnerships. This will result in reaffirming this new entity's leading position in the payment sector, which is also enhanced by the ability to leverage on the large and strong Atos customer base and geographical presence.

Grouping all payment activities within a single defined perimeter with specific reporting will also enable increased internal and external transparency on this business performance while strengthening the operational performance of the new entity.

Atos payment and merchant transactional activities will be ideally positioned to act as a leader in the fast growing and constantly evolving European payment market landscape.

The Group has already initiated the information and consultation process with the employee representatives, both at European and local levels, according to the current regulations.

"After having successfully completed the integration of SIS, the carve-out of Atos payment and merchant transactional activities appears as a logical and exciting step forward for Atos. This will provide the new entity with a more strategic flexibility and attractive "currency" to move forward, leveraging on its leadership position in Europe." **commented Thierry Breton.**

FY 2012 operational performance

Revenue was EUR 8,844 million, a growth of +0.8 percent which materialized in Managed Services (+2.4 percent) and in HTTS & Specialized Businesses (+2.7 percent). Cyclical activities declined, particularly during the second half of the year with Systems Integration (-2.3 percent) and Consulting & Technology Services (-5.0 percent).

The revenue performance was driven mostly by North America (+8.9 percent) and the United-Kingdom (+7.5 percent), by a continued growth increase of Atos Worldline (+2.2) leading to +4.8 percent in the fourth quarter and to a lesser extent by Germany (+0.6 percent). Benelux, France and Iberia continued to be impacted by a difficult economic situation, more particularly in the cyclical activities.

Operating margin significantly increased compared to 2011 at EUR 580.0 million, from 4.8 to 6.6 percent of revenue. The improvement came mainly from Germany, North America, Central & Eastern Europe, and North & South West Europe, where the performance was notably due to the delivery of the TOP² Program and the restructuring plan on the former SIS scope.

Commercial activity

The Group **order entries** in 2012 totaled **EUR 10.0 billion**, representing a book to bill ratio of **113 percent**, 118 percent excluding the Siemens account.

Book to bill was 115 percent for recurring businesses (Managed Services and HTTS & Specialized Businesses) and 109 percent in the cyclical activities (Systems Integration and Consulting & Technology Services).

After the significant signatures in the first nine months, the Group won a large contract in Application Management (Systems Integration) with a large European telecom infrastructures company.

Book to bill by market was strong in all verticals, reaching 124 percent in Public sector, Healthcare & Transport, 110 percent in Financial Services, 135 percent in Telco & Media, 122 percent in Energy & Utilities, and 95 percent in Manufacturing, Retail & Services (104 percent excluding the Siemens account).

The Atos group in 2012

Thanks to the high level of order entry in 2012, the **full backlog** was **EUR 15.6 billion** at the end of 2012, representing 1.8 year of revenue, compared to EUR 14.1 billion reported one year before.

The **full qualified pipeline** on December 31st, 2012 was **EUR 5.4 billion**, compared to EUR 5.3 billion reported on December 31st, 2011. It represents 7.3 months of revenue, well balanced between recurring businesses such as Managed Services and HTTS & SB at 7 months, and cyclical activities such as Systems Integration at 9 months of revenue.

The implementation in 2012 of the eXpand Program to accelerate revenue growth enabled an improvement of the win rate ratio to 45 percent. More than 1,500 pre-sales staff are now experts trained in the new offerings of the Group, which contributed to the increase of new logos in contracts signed and in the pipeline.

Operating income and net income

Operating income in 2012 was **EUR 381 million** as a result of the following items:

Expenses for **staff reorganization** were **EUR 62 million** and costs for **rationalization** were **EUR 28 million**, mainly on premises.

Integration costs resulting from the acquisition of SIS and representing primarily the migration of internal IT platforms totaled **EUR 53 million** as anticipated in July 2012.

In 2012, **EUR 43 million** was recorded as **amortization** of the SIS intangible assets, represented mainly by the SIS backlog and customer relationships (together 'the Customer Relationships') recognized as part of the Purchase Price Allocation (PPA).

Financial result was a charge of **EUR 52 million** and was composed of a net cost of financial debt of EUR 34 million (of which EUR 24 million for convertible bonds) and non-operational financial costs of EUR 18 million.

Total tax charge, including current and deferred taxes, was **EUR 103 million**, representing **an effective tax rate of 31.2 percent**.

Therefore, **net income Group share** reached **EUR 224 million**, an increase of +23 percent compared to 2011 statutory. **Adjusted Earning per share** was **EUR 3.83** compared to EUR 3.20 in 2011 statutory.

Net cash and free cash flow

Group **net cash position** as of 31 December 2012 was **EUR 232 million**, compared to a net debt of EUR -142 million at 31 December 2011.

OMDA was **EUR 793 million** representing 9 percent of revenue, compared to EUR 632 million in 2011.

OMDA included EUR 115 million representing losses anticipated on former SIS projects which were funded by Siemens as part of the acquisition price but impacted the OMDA of the period. The Group reached settlements with customers on former SIS loss-making contracts which should reduce the estimated amount to circa EUR 70 million in 2013.

Reorganization and rationalization cash out was **EUR 126 million** (vs. EUR 119 million in 2011 statutory accounts), of which **EUR 54 million** for **rationalization** of premises as part of the real estate reduction plan.

Cash out for **IT integration costs** in 2012 amounted to **EUR 53 million**.

In 2012, **capital expenditure** totaled to **EUR 325 million**, representing **3.7 percent** of revenue as in 2011, of which 55 percent was in the second half.

Working capital improved by **EUR 82 million**, benefiting from the TOP² transformation Program actions on the former SIS scope with a strong focus to quickly collect receivables.

Finally, **tax paid** was **EUR 74 million** and **financial costs paid** were **EUR 34 million**.

The **free cash flow** was **EUR 259 million**.

Acquisitions and disposals of the year

In 2012, the Group proceeded to the transfer of deferred assets from SIS and the acquisition of several companies positioned in niche markets:

- ▶ The Russian operations transferred from Siemens
- ▶ E-Utile, an Italian leader in smart energy solutions, 51 percent transferred from Siemens and acquisition of the remaining 49 percent
- ▶ blueKiwi, a social workplace software company located in France
- ▶ MSL, a specialist in major events located in Spain
- ▶ Quality Equipment, a Dutch player in electronic payments
- ▶ Daesa, a small IT captive from Banco Popular in Spain

Atos sold its 49 percent stake in the Belgian joint venture SiNSYS in June and its small operations in Greece in December.

The Atos group in 2012

Human Resources

The **total number of Group employees** was **76,417** at the end of December 2012.

The number of direct employees at the end of December 2012 was 69,941, representing 91.5 percent of the total headcount, compared to 89.5 percent at the end of 2011, reflecting the restructuring program on indirect staff.

In 2012, 12,384 new employees were recruited while attrition slightly declined to below 11 percent.

Staff in the emerging countries represented more than 25 percent of total staff. The Group offshore capability represented 9,158 people at the end of 2012 compared to 7,819 at the end of 2011, with a majority located in India.

The Group continued actions to reduce the number of external subcontractors, which were 7,170 at the end of 2012 compared to 8,500 one year before. The objective remains to carefully monitor the level of non-critical subcontractors.

The Atos proforma financial information for the 18 months to 30 June 2011 comprises the results of the former Atos Origin perimeter and the acquired scope of the ex Siemens IT Services (SIS), as if Atos had been in existence since 1 January 2010. The information is provided as guidance only and is unaudited. The key assumptions used in the preparation of the information are as follows:

- ▶ *The proforma information has been prepared using accounting policies consistent with those used in the historic Atos Origin interim and year-end financial statements;*
- ▶ *Proforma tax is based on the estimated effective rate of tax for AtoS for the relevant periods applied to proforma profit before taxation.*
- ▶ *The proforma Profit and Loss account excludes significant exceptional items as being non-recurring, notably provisions on contract risks recorded in the first semester 2011.*

Assignment of the net income for the financial year ending December 31, 2012 and payment of the dividend and option to opt for the payment of the dividend in shares

3rd and 4th resolutions

Assignment of the net income and payment of the dividend

In the scope of the third resolution, we propose you to set the 2012 dividend at EUR 0.60 per share, which corresponds to an aggregate amount of EUR 51,399,742.20 calculated on the basis of the number of 85,703,430 shares, composing the share capital as at December 31, 2012, including 137,193 treasury shares at this date, whose amount may vary according to the evolution of the number of shares entitled to a dividend until its detachment date.

The dividend shall be detached from the share on June 4, 2013 and shall become payable on June 26, 2013. It is recalled that for beneficiary physical persons who are tax residents in France, this dividend shall be taken into account as of right in the determination of their overall income subject to the gradual tax scale of the income tax, and shall be eligible to a 40% deduction on the gross amount (article 158-3-2° of the French general tax code).

Financial year	Number of remunerated shares	Dividends per share (in €)	Total (in €)
2011	83,747,500	0.50 ⁽¹⁾	41,873,750.00
2010	69,976,601	0.50 ⁽¹⁾	34,988,300.50
2009	-	-	-

All the figures mentioned in the "Dividends per share" column of this chart were eligible to said 40% deduction (or on option, to a withholding tax for the dividend distributed in 2012 for the 2011 financial year and the dividend distributed in 2011 for the 2010 financial year).

Option to opt for the payment of the dividend in shares⁽¹⁾

We request you, in the scope of the fourth resolution, to grant to each shareholder the possibility to opt for the payment of the dividend, perceived on the available income of the 2012 financial year, in new shares of the Company, it being specified that the option for payment of dividend in shares shall apply to the total amount of the dividend owed to each shareholder.

The shareholders shall have the possibility to opt for the payment of the dividend in cash or in new shares between June 4, 2013 and June 17, 2013 inclusive, by sending their request to their broker which shall pay the said dividend or, for the shareholders registered in the issuer-registered accounts held by the Company, to its representative (Société Générale - Département Titres et Bourse - Service des Assemblées - SGSS/SBO/CIS/ISS/GMS - 32 rue du Champ de Tir - CS 30812 - 44308 Nantes Cedex 3). After June 17, 2013, the dividend shall only be paid in cash. For the shareholders who did not opt for the payment of the dividend in shares, the dividend shall be paid as from June 26, 2013, after the end of the option period. For the shareholders who have opted for the payment of the dividend in shares, the delivery of the new shares shall occur as from the same date.

In case of exercise of the option, the new shares shall be issued at a price equal to 90% of the average opening share price on the Paris Euronext exchange, during the twenty trading days preceding the General Meeting, reduced by the amount of the dividend rounded up to the next Euro cent. Said shares will bear rights as from January 1st, 2013.

1) The option to receive the dividend payment, as described here above, is not available to shareholders residing in a country where such option would require registration or authorization by local market authorities. Shareholders residing outside France are required to inform themselves of any restrictions which may apply under their local law and comply therewith. In any event, this option is open to shareholders residing in a Member State of the European Union. In making their decision to receive or not the dividend in shares, shareholders must consider the risks associated with an investment in shares.

These purchases could be carried out to perform any allocation permitted by law, including:

- ▶ to keep them and subsequently use them for payment or exchange in the context of possible external growth operations;
- ▶ to ensure liquidity and an active market of the Company's shares;
- ▶ to attribute or sell these to the executive officers and Directors or to the employees of the Company and/or companies which are affiliated to the Company in connection with (i) profit-sharing plans, (ii) of share purchase option regime, (iii) of the free share issuance regime and (iv) of a company savings plan;

Report of the Board of Directors on the resolutions

Extraordinary items

Authorisation granted to the Board of Directors to reduce the share capital by cancelling self-owned shares

13th resolution

We request you to renew the authorisation granted to the Board of Directors for a duration of eighteen (18) months to reduce the share capital by cancelling, on one or more occasions, within the limit of 10% of the share capital and in twenty-four (24) month periods, all or part of the shares which the Company owns or could own through the share buy-back programs authorised by the general meeting of shareholders.

This new authorisation would cancel and replace for the unused part, the authorisation given to the Board of Directors by the ninth resolution of the Combined General Meeting of May 30, 2012.

Delegation of authority to the Board of Directors for the purpose of increasing the share capital of the Company with the removal of the preferential subscription rights to the benefit of the employees of the Company and its affiliated companies

14th resolution

It is contemplated to carry out in 2013 or beginning of 2014, an employee shareholder plan similar to that of the previous years.

We request you to grant to the Board of Directors a delegation of authority, for a duration of twenty-six (26) months, to decide on the increase in share capital by issuing shares or other equity securities

of the Company or securities giving immediate or deferred access by all means, to shares or other equity securities of the Company in existence or to be issued, reserved to the employees of the Company or of affiliated companies pursuant to article L. 225-180 of the French commercial Code and article 3344-1 et seq. of the French Labour Code it being specified that this resolution may be used in order to implement leverage formulae.

The maximum nominal amount of capital increase of the Company resulting from the aggregate issuances of shares realised by virtue of this delegation may not exceed 2% of the share capital on a totally diluted basis, it being specified that this maximum amount is autonomous and distinct from the cap considered in the fifteenth resolution which is submitted to you as well as the one approved by the General Meeting of May 30, 2012 under the fifteenth resolution. The issuing authorisation would be valid for eighteen months and would end the previous authorisation granted by the General Meeting of May 30, 2012 in its seventeenth resolution for the unused fraction.

This delegation entails the removal of the preferential subscription right of the shareholders to the shares and other securities and financial instruments giving access the share capital, which may be issued in connection with this delegation, as well as to the shares and other securities which the financial instruments issued on the basis of this delegation, may provide entitlement.

It is hereby specified that the Board of Directors may also, by way of application of article L. 3332-21 of the French Labour Code, provide for the attribution of free shares or other securities giving access to the share capital of the Company to replace the Company contribution, or as the case may be, the discount, subject to the consideration that their pecuniary counter value, evaluated at the subscription price, does not have the effect of exceeding the limits established in article L. 3332-11 of the French labour Code.

In 2011, Atos implemented a vast employee shareholder plan that involved more than 60,000 employees in 14 countries. This plan, named Sprint 2011, offered the employees the possibility to purchase Atos shares through two vehicles:

- **Sprint Dynamic**, which offers a 20% discount on the Atos reference share price;
- **Sprint Secure** which, thanks to a leverage effect, allows to benefit from the growth of the share price compared to a reference share price while securing the capital, with a minimal interest rate throughout the investment period.

This programme was renewed in 2012 and extended to 25 countries to cover approximately 65,000 employees. Globally, the employees' shareholding (collective investment funds and Company savings plan) went from 0.5% of the capital in shares of the Group in 2005 to 2.1% at the end of 2012.

Report of the Board of Directors on the resolutions

Authorisation given to the Board of Directors to allot free shares to the employees and executive officers of the Company and/or its affiliated companies

15th resolution

It is proposed to you to authorise your Board of Directors, for a duration of thirty eight (38) months, to freely allot, on one or more occasions, performance shares in favour of employees or executive officers of the Company and/or of companies affiliated to it.

This resolution is part of long-term incentive plans set up on an annual basis in favour of several hundreds of managers or key employees of the Group, as well as of the Chairman and Chief Executive Officer; for this latter, the principle of an attribution on an annual basis of a long-term incentive in shares, under terms and conditions compliant with the recommendations of the AFEP-MEDEF code of corporate governance, corresponds to elements of his compensation, as such were decided by the Board of Directors of the Company further to the renewal of his mandate for three additional years by the General Meeting of May 30, 2012.

The final attribution of shares shall be subject to the fulfilling of several performance conditions that shall be set by the Board of Directors, based on operational and quantifiable criteria, over a multi-year period. Such performance conditions shall refer to the achievement of the Company's annual financial objectives relating for example to profitability and the free cash flow.

The maximum number of shares to be allotted pursuant to the requested delegation shall not exceed 1% of the share capital as acknowledged on the date of their allotment by the Board of Directors. The resolution submitted to your General Meeting also specifies that the delegation granted during the General Meeting of May 30, 2012, in the eighteenth resolution shall continue to have effect for the initial term of thirty-eight months, within the limit of 1% of the capital on the day of the decision of attribution by the Board of Directors, it being specified that the Board of Directors of your Company has not implemented it yet.

Modification of article 15 of the Articles of association - Directors' shares

16th resolution

It is recalled that paragraph 1 of article 15 of the articles of association of the Company provides that each director shall own at least one thousand (1, 000) shares for the duration of his or her term. It is proposed to you to modify paragraph 1 of article 15 of the articles of association of the Company in order to lower this threshold to 500 shares, in the absence of any legal provisions on that issue.

Powers

17th resolution

We request you to grant all powers to the holder of an original, excerpt or copy from the minutes of the General Meeting to make any submissions, publications and statements and formalities which may be necessary.

(1) The total amount of the distribution is calculated on the basis of 85,703,430 shares composing the share capital as at December 31, 2012, including 137,193 treasury shares at this date, and may change depending on the evolution of the number of shares giving right to dividend until the date of detachment of said dividend.

The dividend shall be detached from the share on June 4, 2013 and shall become payable on June 26, 2013. It is specified that in the event the Company holds any treasury shares at the time of payment of these dividends, the corresponding amount of unpaid dividends shall be allocated to retained earnings.

Fourth resolution

Option to opt for the payment of the dividend in shares

The General Meeting, ruling under the quorum and majority conditions required for ordinary general meetings, having reviewed the Board of Directors' report and acknowledging that the share capital is fully paid up, decides to grant to each shareholder the possibility to opt for the payment of the dividend, which is the object of the third resolution and which is due to him/her, in new shares of the Company. Each shareholder shall have the possibility to opt for the payment of the dividend in cash or in shares pursuant to the present resolution, but this option shall apply to the total amount of the dividend which is due to him/her.

The new shares, in case of exercise of this resolution shall be issued at a price equal to 90% of the average opening share price on the Paris Euronext exchange, during the twenty trading days preceding the General Meeting, reduced by the amount of the dividend which is the object of the third resolution, rounded up to the next Euro cent. Such issued shares shall bear rights as from January 1st, 2013.

Proposed resolutions

The shareholders shall have the possibility to opt for the payment of the dividend in cash or in new shares between June 4, 2013 and June 17, 2013 inclusive, by sending their request to their broker entitled to pay the said dividend or, for the shareholders registered in the issuer-registered accounts held by the Company, to its representative (Société Générale - Département Titres et Bourse - Service des Assemblées - SGSS/SBO/CIS/ISS/GMS - 32 rue du Champ de Tir - CS 30812 - 44308 Nantes Cedex 3). After June 17, 2013, the dividend shall only be paid in cash. For the shareholders who did not opt for the payment of the dividend in shares, the dividend shall be paid as from June 26, 2013, after the end of the option period. For the shareholders who have opted for the payment of the dividend in shares, the delivery of the new shares shall occur as from the same date.

If the amount of the dividend for which the option is exercised does not correspond to an integer number, the shareholder shall receive the immediately lower number of shares with the balance in cash.

The General Meeting grants all powers to the Board of Directors, with the right of subdelegation to the Chairman of the Board of Directors, as prescribed by law, in order to ensure the implementation of the payment of the dividend in new shares, to specify the terms and conditions of implementation and execution, to acknowledge the number of new shares issued pursuant to this resolution and to make any necessary modification in the articles of association with regard to the share capital and the number of shares making up the share capital, and more generally, to take all necessary action which is useful or necessary.

Authorization granted to the Board of Directors for the purpose of purchasing, conserving or transferring shares in the Company

The General Meeting, ruling under the quorum and majority conditions required for ordinary General Meetings, having reviewed

the Board of Directors' report, approves, pursuant to the provisions of articles L. 225-209 and seq. of the French Commercial Code, with the right of subdelegation under the conditions established by the applicable legal and regulatory provisions, and in compliance with the conditions defined in the General Regulations of the Financial Markets Authority ("AMF"), of European Regulation No. 2273/2003 of December 22, 2003, taken by way of application of the directive 2003/6/CE of January 28, 2003 and the market practices accepted by the AMF, to purchase shares of the Company in connection with the implementation of a share buy-back program.

These purchases could be carried out by virtue of any allocation permitted by law, with the aims of this share buy-back program being:

- ▶ to keep them and subsequently use them for payment or exchange in relation to possible external growth operations, in accordance with market practices accepted by the AMF, it being specified that the maximum amount of shares acquired by the Company to this end shall not exceed 5 % of the share capital;
- ▶ to ensure liquidity and an active market of the Company's shares through an investment service provider acting independently pursuant to a liquidity contract, in accordance with the professional conduct charter accepted by the AMF;
- ▶ to attribute or sell these shares to the executive officers and Directors or to the employees of the Company and/or to the current or future affiliated companies, under the conditions and according to the terms set by applicable legal and regulatory provisions in particular in connection with (i) profit-sharing plans, (ii) the share purchase option regime laid down under articles L. 225-177 and seq. of the Commercial Code, and (iii) the free share issuance regime established by articles L. 225-197-1 and seq. of the Commercial Code and (iv) a company savings plan, as well as to carry out all hedging operations relating to these operations, under the terms and conditions laid down by market authorities and at such times as the board of directors or the person acting upon its delegation so decides;
- ▶ to remit the shares acquired upon the exercise of rights attached to securities giving the right, whether immediate or deferred, by reimbursement, conversion, exchange, presentation of a warrant or any other way, to the attribution of shares of the Company, as well as to carry out all hedging operations in relation to the issuance of such securities, under the terms and conditions laid down by market authorities and at such times as the Board of Directors or the person acting upon its delegation so decides, or;
- ▶ to cancel them as a whole or in part through a reduction of the share capital pursuant to the thirteenth resolution hereafter.

This authorization will also allow the Company to operate on its own shares for any other purpose authorized or which could be authorized by the applicable legal and regulatory provisions or which could be recognized as a market practice by the AMF. In such an event, the Company will inform its shareholders through a notice.

Proposed resolutions

This authorization shall however not be used by the Board of Directors during a public bid, except where the purpose of the purchase of shares is to comply with a commitment to deliver shares (exercise of stock options, conversion and/or exchange of bonds for new or existing shares (OCEANE)), or where it allows to remunerate the acquisition of an asset by exchange of shares within a strategic operation announced to the market prior to the launch of the public bid, and in the conditions set out in the applicable regulations.

The purchase of shares shall concern a maximum number of shares representing 10% of the share capital of the Company, at any moment in time, such percentage applying to a capital adjusted in accordance with the operations which shall have an effect on the share capital subsequently to this General Meeting. In the particular case of shares purchased within a liquidity contract, the number of shares taken into account to determine the 10% limit shall correspond to the number of shares purchased from which shall be deducted the number of shares resold during the length of the duration of the authorization.

Acquisitions, assignments, transfers or exchanges of shares may be carried out by any means, according to the regulations in effect, on one or several occasions, on a regulated market, a multilateral negotiation system, with a systematic internaliser or by private contract, notably by public bid or transactions of blocks of shares (which may amount to the whole of the program), and as per the case, by the use of derivative financial instruments (traded on a regulated market, on a multilateral negotiation system, with a systematic internaliser, or by private contract) or of warrants or securities giving entitlement to shares of the Company, or by the implementation of optional strategies such as purchases or sales of purchase or sale options, or by the issuance of securities giving the right by conversion, exchange, reimbursement, exercise of a warrant or in any other manner, to shares of the Company held by this latter party, and this at times when the Board of Directors or the person acting as the representative of the Board of Directors, as prescribed by law, sees fit, all of which in compliance the applicable legal and regulatory provisions.

The maximum purchase price shall not exceed EUR 81.99 (excluding fees) per share.

The Board of Directors may nevertheless adjust the aforementioned purchase price in the event of incorporation of premiums, reserves or profits, giving rise either to an increase in the nominal value of the shares or to the creation and attribution of free shares, as well as in the event of division of the nominal value of the share or regrouping of the shares to take account of the effect of these operations on the value of the share.

The maximum amount of the funds assigned to the buy-back program shall thus be EUR 702,682,442.57, as calculated on the basis of the share capital on December 31, 2012, with its maximum amount adjustable to take account of the share capital on the date of the General Meeting.

The General Meeting also grants all powers to the Board of Directors, with the right of subdelegation as prescribed by law, to submit orders on the stock exchange or outside it, to allocate or reallocate the shares acquired to the various objectives pursued under the applicable legal or regulatory conditions, to draw up all agreements, notably in view of the maintenance of registers of purchases and sales of shares, to draw up all documents, carry out all formalities, effect all declarations and notices to all bodies, and in particular to the AMF, for operations carried out by way of application of this resolution, to set the conditions and procedures according to which the preservation of the rights of bearers of securities giving access to the share capital of the Company are guaranteed, if necessary, of subscription or purchase options of shares of the Company pursuant to the applicable legal and regulatory provisions and, where applicable, pursuant to the contractual provisions allowing for other types of adjustments, and in general, to take all necessary measures. The General Meeting also grants all powers to the Board of Directors, if the law or the AMF extends or completes the objectives authorized by the share buy-back programs, for the purpose of publicizing any changes in the program regarding the modified objectives, under the applicable legal and regulatory conditions.

This authorization is given for duration of eighteen (18) months, starting from the day of this General Meeting, and shall revoke, with immediate effect, for the unused part, the authorization given to the Board of Directors by the twenty-third resolution of the Combined General Meeting of May 30, 2012.

The Board of Directors shall indicate to the shareholders in its report established pursuant to article L. 225-100 of the French Commercial Code, the number of shares purchased and sold during the financial year, the average purchase and sale prices, the amounts of the transaction fees, the number of shares registered in the name of the Company at the close of the financial year and their value evaluated at the purchase price, as well as their nominal value for each of the purposes, the number of shares used, any reallocations of which they may have formed the object and the fractions which they represent.

Thirteenth resolution

The General Meeting, ruling under the quorum and majority conditions required for extraordinary general meetings, having reviewed the Board of Directors' report and the auditors' special report, authorizes the Board of Directors with the power of subdelegation as provided by applicable laws and regulations, pursuant to article L. 225-209 and seq. of the French Commercial Code, to cancel, on one or more occasions, according to the terms and proportions and at the time it will determine all or part of the shares which the Company owns or could own through purchases pursuant to article L.225-209 of the French Commercial Code, within a limit of 10% of the share capital recorded at the time of the cancellation decision (this limit shall apply to an amount of share capital which shall be, if applicable, adjusted in accordance with the operations which shall have an effect on the share capital subsequently to this General Meeting) in twenty-four (24) months periods, and to acknowledge the realisation of the cancelling operation(s) of the share capital pursuant to this authorisation, attributing the difference between the accounting value of the cancelled shares and their nominal value on all available premiums and reserves, as well as to undertake the corresponding amendment of the articles of association, and necessary formalities.

This authorisation is given for duration of eighteen (18) months, starting from the day of this General Meeting, and immediately puts an end, for the unused fraction by the Board of Directors, to the authorisation given by the Combined General Meeting of May 30, 2012 in its ninth resolution.

Fourteenth resolution

Delegation of authority to the Board of Directors for the purpose of increasing the share capital of the Company with the removal of the preferential subscription rights to the benefit of the employees of the Company and its affiliated companies

The General Meeting, ruling under the quorum and majority conditions required for extraordinary general meetings, having reviewed the Board of Directors' report and the auditors' special report and ruling pursuant to articles L. 225-129, L. 225-129-2, L. 225-125-6, L. 225-138 and L. 225-138-1 of the French Commercial Code and article L. 3332-18 of the French Labour code:

1. delegates to the Board of Directors, with the possibility of subdelegation within the conditions set forth in the applicable

regulatory and legal provisions, the competence to decide, under the proportions and the periods that it shall determine, the issuing, in France or abroad of shares or other securities of the Company, or financial instruments that immediately or in future give access through any means, to shares or other securities of the Company, existing or to be issued, reserved to employees and executive officers of the Company or affiliated companies under the meaning of article L. 225-180 of the French Commercial code, as long as these employees or executive officers adhere to a company savings plan or any other qualifying plan pursuant to the legal and regulatory provisions, it being specified that this resolution may be used in order to implement leverage formulae.

2. decides that the maximum nominal amount of the immediate or future capital increases of the Company that are likely to be carried out under the present delegation shall not exceed 2% of the share capital on a fully diluted basis on the day of this General Meeting, it being specified that this cap is independent from the cap provided for under the fifteenth resolution which is submitted to you, and the cap approved by the General Meeting of May 30 2012 in its fifteenth resolution, and set without taking account of the nominal amount of the shares or other securities to potentially issue to preserve, in conformity with the legal and regulatory provisions and, where required, to the applicable contractual stipulations that set forth other cases of adjustment, the rights of the holders of financial instruments or the holders of other rights that give access to the share capital of the Company, Company stock-options or free shares attribution rights;
3. decides that this delegation entails the removal of the preferential subscription right of the shareholders to the shares and other securities and financial instruments, which may be issued within the frame of this resolution, as well as to the shares and other securities which the financial instruments issued on the basis of this delegation may provide entitlement;
4. decides that the subscription price of the securities issued by virtue of this delegation shall be set by the Board of Directors and determined under the conditions established in article L. 3332-19 of the French Labour Code, it being agreed that the maximum discount may not exceed 20 % of an average of Atos share prices quoted on NYSE Euronext Paris stock market over the twenty trading days preceding the day of the Board of Directors' decision, or of its proxy, setting the opening date of the subscription period ;
5. decides that by way of application of article L. 3332-21 of the French Labour Code, the Board of Directors may provide for the attribution of free shares or other securities giving access to the share capital of the Company to replace the Company contribution, or as the case may be, the discount, subject to the consideration that their pecuniary counter value, evaluated at the subscription price, does not have for effect to exceed the limits set forth in article L. 3332-11 of the French Labour Code;
6. decides that the characteristics of the other securities that give access to the Company's share capital shall be established by the Board of Directors, under the conditions set forth by the applicable legal and regulatory provisions;

Proposed resolutions

7. grants all powers to the Board of Directors, with the right of subdelegation to any person authorised by the applicable legal and regulatory provisions, for the purpose of implementing this delegation, and notably:

- ▶ to set, where necessary, a perimeter of the companies concerned by the offer which is narrower than the companies eligible for the plans in question,
- ▶ to set the procedures for participation (notably in terms of seniority) in these issuances,
- ▶ to set the conditions and procedures for these issuances, and notably the starting and closing dates for subscriptions, the dates of entitlement to dividends (including retroactive ones), the procedures for payment in full and the subscription price of the equity securities or securities giving access to the share capital of the Company,
- ▶ to determine, if necessary, the amounts of the sums to be incorporated into the share capital within the limit set above, the entry/entries among the shareholders' equity from which they shall be drawn, as well as the conditions for the attribution of the shares or other securities in question,
- ▶ at its sole initiative, to attribute the expenses of any issue to the amount of the premiums relating to the same and to withhold from this amount the sums necessary to raise the legal reserve to one tenth of the new share capital after each increase, and
- ▶ in general, to take all useful measures, conclude all agreements (notably with a view to ensuring the successful completion of the issuance), request all authorisations, carry out all formalities and do what is necessary to ensure the successful conclusion of the planned issuances or to postpone the same, and notably to record the capital increase(s) resulting from every issuance carried out by using this delegation, correspondingly, to amend the articles of association of the Company, to request the listing on the market of Euronext Paris of all securities issued by virtue of this delegation and to ensure the financial service for the shares in question and the exercise of the associated rights.

8. decides that delegation of authority granted to the Board of Directors shall be given for a duration of twenty-six (26) months from the date of this General Meeting, and terminates with with immediate effect, for the unused part by the Board of Directors, the delegation of authority granted by the Combined General Meeting of May 30, 2012 in its seventeenth resolution.

Fifteenth resolution

Authorisation given to the Board of Directors to allot free shares to the employees and executive officers of the Company and/or its affiliated companies

The General Meeting, ruling under the quorum and majority conditions required for extraordinary general meetings, having reviewed the Board of Directors' report and the auditors' special report, authorises the Board of Directors, with the power of subdelegation as provided for in the applicable legal and regulatory provisions, pursuant to articles L. 225-197-1 and seq. of the French Commercial Code, to freely allot, on one or more occasions and according to its own decisions, existing shares or shares to be issued, for a maximum proportion which shall in no event exceed 1% of the share capital as acknowledged on the date of their allotment by the Board of Directors, it being specified that this maximum amount does not take into account the number of shares to be issued, as the case may be, for the adjustments made to preserve the potential rights of the beneficiaries of allotment of free shares.

The beneficiaries of the grants authorized in this resolution must (i) be employees or executive officers of the Company and/or of companies or economic interest groups associated with it under the meaning of article L. 225-197-2 of the French Commercial Code, in France or outside of France, determined by the Board of Directors in accordance with articles L. 225-197-1 and seq. of the French Commercial Code, and (ii) fulfil performance conditions determined by the Board of Directors on operational and quantifiable criteria.

With regard to executive officers, the Board of Directors shall be able, within the limitations provided for by law, either to impose inalienability clauses on allotted free shares prior to the beneficiary leaving its mandate, or determine a minimum number of allotted free shares to keep under the registered form until the term of their mandate.

The General Meeting determines the minimum acquisition period pursuant to which the allotment of shares to their beneficiaries shall be definite, to a term of 2 years as from the date of their allotment by the Board of Directors, and gives all powers to the Board of Directors to set, if applicable, a higher duration. The General Meeting also determines the minimum conservation period of the shares by the beneficiaries to a term of 2 years as from the definite allotment of the shares, it being specified that for the allotted shares for which the minimum acquisition period set by the Board of Directors is 4 years, the minimum conservation period may be cancelled so that the shares may be freely negotiated upon definite allotment.

In case of disability of the beneficiary falling within the second or third categories of article L. 341-4 of the French Social Security Code,

Proposed resolutions

the definite allotment of the shares shall occur immediately, the shares becoming immediately negotiable.

In case of death of the beneficiary, his heirs may request the definite allotment of shares within six months from the death, the shares becoming immediately negotiable.

This authorisation entails an express waiver by the shareholders of their preferential subscription rights to the advantage of the beneficiaries of the shares to be issued by virtue of this authorisation.

The General Meeting delegates all powers to the Board of Directors with the possibility of sub delegation within the conditions prescribed by applicable legal and regulatory provisions, to implement this authorization, within the limits and conditions here above specified, in order notably to:

- ▶ determine the categorie(s) of beneficiaries of the allotment(s);
- ▶ determine the duration of the acquisition period and the duration of the conservation obligation applicable to the allotment(s), and if applicable, modify these durations for any circumstance for which this resolution or the applicable regulation would allow such modification; determine the conditions and performance criteria of the allotment(s);
- ▶ decide on the amount of the attribution(s), the dates and modalities of each, the date, even retroactive, when the issued shares shall give enjoyments rights; adjust, as the case may be, during the acquisition period, the number of shares in relation to potential operations on the share capital or equity of the Company in order to protect the rights of the beneficiaries; acknowledge the completion of each increase in share capital up to the amount of the shares which shall effectively be subscribed, perform all resulting formalities and consequently amend the articles of association;
- ▶ on its own decision, after each increase, to attribute the costs of the capital increase to the relating premium and deduct the necessary amounts to increase the legal reserve to one tenth of the new share capital;
- ▶ and, more generally, to take all measures to perform the capital increase within the conditions as set forth by legal and regulatory provisions.

This authorisation shall be valid for a term of thirty-eight (38) months starting from this General Meeting; the authorisation granted by the Combined General Meeting of May 30, 2012 in its eighteenth resolution shall survive and continue to be in effect for the initial term of thirty-eight months starting from May 30, 2012.
