This Prospectus comprises a prospectus for the purposes of Article 5.3 of the Prospectus Directive and for the purpose of giving information with regard to the Issuer and the Bonds which according to the particular nature of the Issuer and the Bonds, is necessary to enable investors to make an informed assessment of the assets and liabilities, financial position, profit and losses and prospects of the Issuer.

This Prospectus does not constitute an offer of, or an invitation by or on behalf of, the Issuer or the Joint Lead Managers (as defined in “Subscription and Sale” herein) to subscribe or purchase any of the Bonds.

The distribution of this Prospectus and the offering or the sale of the Bonds in certain jurisdictions may be restricted by law or regulation. The Issuer and the Joint Lead Managers do not represent that this Prospectus may be lawfully distributed, or that any Bonds may be lawfully offered or sold, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution, offering or sale. Accordingly, no Bond may be offered or sold, directly or indirectly, and neither this Prospectus nor any offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Prospectus comes are required by the Issuer and the Joint Lead Managers to inform themselves about and to observe any such restrictions.

For a description of further restrictions on offers and sales of Bonds and the distribution of this Prospectus, see “Subscription and Sale” herein.

No person is or has been authorised to give any information or to make any representations other than those contained in this Prospectus and, if given or made, such information or representations must not be relied upon as having been authorised by, or on behalf of, the Issuer or the Joint Lead Managers. The delivery of this Prospectus or any offering or sale of Bonds at any time does not imply (i) that there has been no change with respect to the Issuer or the Group (as defined in Condition 9 of the Terms and Conditions of the Bonds), since the date hereof and (ii) that the information contained or incorporated by reference in it is correct as at any time subsequent to its date.

Neither the delivery of this Prospectus nor any sale made in connection herewith shall, under any circumstances, create any implication that there has been no change in the affairs of the Issuer or the Group, since the date hereof or the date upon which this Prospectus has been most recently amended or supplemented or that there has been no adverse change in the financial position of the Issuer and/or the Group since the date hereof or the date upon which this Prospectus has been most recently amended or supplemented or that the information contained in it or any other information supplied in connection with the Bonds is correct as of any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

The Joint Lead Managers have not separately verified the information contained herein. To the fullest extent permitted by law, the Joint Lead Managers accept no responsibility whatsoever for the information contained or incorporated by reference in this Prospectus or any other information provided by the Issuer in connection with the Bonds or their distribution or for any other statement, made or purported to be made by the Joint Lead Managers or on their behalf in connection with the Issuer or the issue and offering of the Bonds.

Neither this Prospectus nor any other information supplied in connection with the Bonds or their distribution is intended to provide the basis of any credit or other evaluation or should be considered as a recommendation by the Issuer or the Joint Lead Managers that any recipient of this Prospectus or any other information supplied in connection with the Bonds or their distribution should purchase any of the Bonds. Each investor contemplating subscribing or purchasing Bonds should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the Issuer or the Group.

So far as the Issuer is aware, no person involved in the issue of the Bonds has an interest material to the offer.

Certain of the Joint Lead Managers and their affiliates have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for, the Issuer and their affiliates in the ordinary course of business. In addition, in the ordinary course of their business activities, the Joint Lead Managers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer or Issuer's affiliates. Certain of the Joint Lead Managers or their affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Joint Lead Managers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Bonds. Any such short positions could adversely affect future trading prices of the Bonds. The Joint Lead Managers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

The Bonds have not been and will not be registered under the United States Securities Act of 1933, as amended (the "Securities Act"). Subject to certain exceptions, the Bonds may not be offered or sold within the United States (as defined in Regulation S under the Securities Act). For a further description of certain restrictions on the offering and sale of the Bonds and on distribution of this document, see "Subscription and Sale" herein.

In connection with the issue of the Bonds, Société Générale (the "Stabilising Manager") (or persons acting on behalf of the Stabilising Manager) may over-allot Bonds or effect transactions with a view to supporting the market price of the Bonds at a level higher than that which might otherwise prevail. However, there is no assurance that the Stabilising Manager (or persons acting on behalf of the Stabilising Manager) will undertake stabilisation action. Any stabilisation action may begin on or after the date on which adequate public disclosure of the final terms of the offer of the Bonds is made and, if begun, may be ended at any time, but it must end no later than the earlier of 30 calendar days after the Issue Date of the Bonds and 60 calendar days after the date of the allotment of the Bonds. Such stabilisation will be carried out in accordance with all applicable rules and regulations.

This Prospectus may not be used for any purposes other than those for which it has been published.

This Prospectus is to be read in conjunction with all the documents which are incorporated herein by reference (see "Documents Incorporated by Reference" herein).

All references in this document to "euro", "EUR" and "€" refer to the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty establishing the European Community, as amended.

RISK FACTORS

The Issuer believes that the factors described below represent the principal risks inherent in investing in Bonds, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with the Bonds may occur for other reasons and the Issuer does not represent that the statements below regarding the risks of holding the Bonds are exhaustive.

The Issuer believes that the following factors may affect its ability to fulfil its obligations under the Bonds. All of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring. It is not possible to identify all such factors or to determine which factors are most likely to occur, as the Issuer may not be aware of all relevant factors and certain factors which it currently deems not to be material may become material as a result of the occurrence of events outside the Issuer's control.

Factors which the Issuer believes may be material for the purpose of assessing the market risks associated with Bonds are also described below.

Prior to making an investment decision, prospective investors in the Bonds should consider carefully, in the light of the circumstances and their investment objectives, the information contained and/or incorporated by reference in this entire Prospectus. Prospective investors should consider, among other things, the risk factors set out below. Prospective investors should make their own independent evaluations of all risk factors and should also read the detailed information set out elsewhere in this Prospectus.

Terms used but not defined in this section shall have the same meaning as that set out in the other sections of this Prospectus.

I. Risks relating to the Issuer

The risks relating to the Issuer are set out on pages 271 to 279 in the *Document de Référence 2014* (as defined in “Documents Incorporated by Reference”) incorporated by reference herein.

II. Risks relating to the Bonds

A. General risks relating to the Bonds

The Bonds may not be a suitable investment for all investors

Each potential investor in the Bonds must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (i) have sufficient knowledge and experience to make a meaningful evaluation of the Bonds, the merits and risks of investing in the Bonds and the information contained or incorporated by reference in this Prospectus or any applicable supplement;
- (ii) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Bonds and the impact such investment will have on its overall investment portfolio;
- (iii) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Bonds, including where the currency for principal or interest payments is different from the potential investor's currency;
- (iv) understand thoroughly the terms of the Bonds and be familiar with the behaviour of any relevant indices and financial markets; and

- (v) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Modification

The Terms and Conditions of the Bonds contain provisions for calling meetings of Bondholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Bondholders including Bondholders who did not attend and vote at the relevant meeting and Bondholders who voted in a manner contrary to the majority.

Change of law

The Terms and Conditions of the Bonds are based on French law in effect as at the date of this Prospectus. No assurance can be given as to the impact of any possible judicial decision or change in French law or official application or interpretation of French law after the date of this Prospectus. No assurance can be given as to the impact of any possible judicial decision or change to laws or administrative practices after the date of this Prospectus.

French insolvency law

Under French insolvency law holders of debt securities are automatically grouped into a single assembly of holders (the “**Assembly**”) in order to defend their common interests if a safeguard procedure (*procédure de sauvegarde*), accelerated safeguard procedure (*procédure de sauvegarde accélérée*), accelerated financial safeguard procedure (*procédure de sauvegarde financière accélérée*) or a judicial reorganisation procedure (*procédure de redressement judiciaire*) is opened in France with respect to the Issuer. The Assembly comprises holders of all debt securities issued by the Issuer regardless of their governing law. The Assembly deliberates on the proposed safeguard plan (*projet de plan de sauvegarde*), the proposed accelerated safeguard plan (*projet de plan de sauvegarde accélérée*), accelerated financial safeguard plan (*projet de plan de sauvegarde financière accélérée*) or judicial reorganisation plan (*projet de plan de redressement*) applicable to the Issuer and may further agree to:

- increase the liabilities (*charges*) of holders of debt securities (including the Bondholders) by rescheduling due payments and/or partially or totally writing off receivables in form of debt securities;
- establish an unequal treatment between holders of debt securities (including the Bondholders) as appropriate under the circumstances; and/or
- decide to convert debt securities into securities that give or may give right to share capital.

Decisions of the Assembly will be taken by a two-thirds majority (calculated as a proportion of the amount of debt securities held by the holders who voted during such Assembly; notwithstanding any clause to the contrary and the law governing the issuance agreement). No quorum is required for the Assembly to be validly held.

Stipulations relating to the representation of holders of the Bonds will not be applicable if they depart from any imperative provisions of French insolvency law that may be applicable.

The procedures, as described above or as they may be amended, could have an adverse impact on holders of the Bonds seeking repayment in the event that the Issuer or its subsidiaries were to become insolvent.

Market value of the Bonds

The market value of the Bonds will be affected by the creditworthiness of the Issuer and a number of additional factors.

The value of the Bonds depends on a number of interrelated factors, including economic, financial and political events in France or elsewhere, including factors affecting capital markets generally and the stock exchanges on which such Bonds are traded. The price at which a holder of such Bonds will be able to sell such Bonds prior to maturity may be at a discount, which could be substantial, from the issue price or the purchase price paid by such purchaser.

Legal investment considerations may restrict certain investments

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (1) the Bonds are legal investments for it, (2) the Bonds can be used as collateral for various types of borrowing and (3) other restrictions apply to its purchase, sale or pledge of any Bonds. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of the Bonds under any applicable risk-based capital or similar rules.

B. Risks related to the market generally

The secondary market generally

An established trading market in the Bonds may never develop or, if a secondary market does develop, it may not be very liquid. Although the Bonds are expected to be admitted to trading on Euronext Paris, there is no assurance that the Bonds will be so admitted or that an active market will develop.

The development or continued liquidity of any secondary market for the Bonds will be affected by a number of factors such as general economic conditions, the financial condition, the creditworthiness of the Issuer and/or the Group, the outstanding amount of the Bonds, any redemption features of the Bonds and the level, direction and volatility of interest rates generally. Such factors also will affect the market value of the Bonds.

Therefore, investors may not be able to sell their Bonds in the secondary market (in which case the market or trading price and liquidity may be adversely affected) or may not be able to sell their Bonds at prices that will provide them with a yield comparable to similar investments that have a developed secondary market.

Exchange rate risks and exchange controls

The Issuer will pay principal and interest on the Bonds in euro. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "Investor's Currency") other than euro. These include the risk that exchange rates may change significantly (including changes due to devaluation of the euro or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the euro would decrease (i) the Investor's Currency-equivalent yield on the Bonds, (ii) the Investor's Currency-equivalent value of the principal payable on the Bonds and (iii) the Investor's Currency-equivalent market value of the Bonds.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors may receive less interest or principal than expected, or no interest or principal.

Interest rate risks

Investment in the Bonds involves the risk that subsequent changes in market interest rates may adversely affect the value of the Bonds.

C. Risks relating to the particular structure of the Bonds

The Bonds may be redeemed prior to maturity

In the event that the Issuer would be obliged to increase the amounts payable in respect of any Bonds due to any withholding or deduction for or on account of any present or future taxes, duties or assessments of whatever nature imposed or levied by or on behalf of the Republic of France or any political subdivision thereof or any authority therein or thereof having power to tax, the Issuer may, and in certain circumstances shall be required to, redeem all outstanding Bonds in accordance with the Terms and Conditions of the Bonds.

In addition, the Issuer has the option to redeem all or any of the outstanding Bonds, as provided in Condition 6(4). During the period when the Issuer may elect to redeem the Bonds, the market value of the Bonds generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

In the event the Issuer redeems the Bonds as provided in Condition 6 an investor generally may not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Bonds being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

If the Issuer exercises its option pursuant to Condition 6(4) to redeem less than all the outstanding Bonds on any day such redemption shall be effected by reducing the principal amount of all of the Bonds in proportion to the aggregate nominal amount of the Bonds so redeemed on such day and any trading market in respect of these Bonds which have not been redeemed may become illiquid.

Exercise of put option in respect of certain Bonds may affect the liquidity of the Bonds in respect of which such put option is not exercised

Depending on the number of Bonds in respect of which the put option provided in Condition 6(5) is exercised, any trading market in respect of those Bonds in respect of which such put option is not exercised may become illiquid.

Purchases by the Issuer in the open market or otherwise (including by tender offer) in respect of certain Bonds may affect the liquidity of the Bonds which have not been so purchased

Depending on the number of Bonds purchased by the Issuer as provided in Condition 6(6), any trading market in respect of those Bonds that have not been so purchased may become illiquid.

Limited restrictive covenants

The Bonds do not restrict the Issuer or its Subsidiaries (as defined in Condition 9 the Terms and Conditions of the Bonds) from incurring additional debt. The Terms and Conditions of the Bonds contain a negative pledge that prohibits the Issuer and its Material Subsidiaries (as defined in Condition 9 the Terms and Conditions of the Bonds) in certain circumstances from creating security over assets, but only to the extent that such is used to secure other bonds or similar listed (or capable of being listed) on a regulated market or another assimilated market and there are certain exceptions to the negative pledge. The Terms and Conditions of the Bonds do not contain any other covenants restricting the operations of the Issuer, or its ability to distribute dividends or buy back shares. The Issuer's Subsidiaries are not bound by obligations of the Issuer under the Bonds and are not guarantors of the Bonds.

D. Risks relating to taxation

Taxation

Potential purchasers and sellers of the Bonds should be aware that they may be required to pay taxes or other documentary charges or duties in accordance with the laws and practices of the country where the Bonds are transferred or other jurisdictions. Potential investors are advised not to rely upon the tax summaries contained in this Prospectus but to ask for their own tax adviser's advice on their individual taxation with respect to the acquisition, holding, sale and redemption of the Bonds. Only these advisers are in a position to duly consider the specific situation of the potential investor. This investment consideration has to be read in conjunction with the taxation sections of this Prospectus.

EU Savings Directive

The EC Council Directive 2003/48/EC of 3 June 2003 on taxation of savings income in the form of interest payments (the “**Savings Directive**”) requires each Member State as from 1 July 2005 to provide to the tax authorities of another Member State details of payments of interest and other similar income within the meaning of the Savings Directive made by a paying agent within its jurisdiction to, or under certain circumstances collected for the benefit of a beneficial owner (within the meaning of the Savings Directive), resident in that other Member State, except that Luxembourg and Austria impose instead a withholding system for a transitional period unless the beneficiary of interest payment elects for the exchange of information. The rate of this withholding tax is currently 35 per cent.

The Luxembourg Government has abolished the withholding tax system with effect from 1 January 2015, in favour of automatic information exchange under the Savings Directive.

On 24 March 2014, the Council of the European Union adopted an EU Council Directive 2014/48/EU amending and broadening the scope of the requirements described above. The changes will expand the range of payments covered by the Savings Directive, in particular to include additional types of income payable on securities. The Savings Directive will also apply a “look through approach” to certain payments where an individual resident in a Member State is regarded as the beneficial owner of that payment for the purposes of the Savings Directive. This approach may apply to payments made to or by, or secured for or by, persons, entities or legal arrangements (including trusts), where certain conditions are satisfied, and may in some cases apply where the person, entity or arrangement is established or effectively managed outside of the European Union. Member States are required to adopt and publish by 1 January 2016, laws and regulations necessary to comply with this Directive and apply these new requirements from 1 January 2017.

If a payment were to be made or collected through a Member State which has opted for a withholding system and an amount of, or in respect of tax were to be withheld from that payment, neither the Issuer nor any Paying Agent nor any other person would be obliged to pay additional amounts with respect to any Bonds as a result of the imposition of such withholding tax.

The proposed financial transactions tax (FTT)

On 14 February 2013, the European Commission published a proposal (the “**Commission's Proposal**”) for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the “**participating Member States**”).

The Commission's Proposal has very broad scope and could, if introduced, apply to certain dealings in the Bonds (including secondary market transactions) in certain circumstances. The issuance and subscription of Bonds should, however, be exempt.

Under the Commission's Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Bonds where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, “established” in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating

Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

Joint statements issued by participating Member States indicate an intention to implement the FTT by 1 January 2016.

However, the FTT proposal remains subject to negotiation between the participating Member States and the scope of any such tax is uncertain. Additional EU Member States may decide to participate.

Prospective holders of the Bonds are advised to seek their own professional advice in relation to the FTT.

TERMS AND CONDITIONS OF THE BONDS

The terms and conditions of the Bonds (the “Terms and Conditions”, the “Terms and Conditions of the Bonds” or the “Conditions”) will be as follows:

The issuance of the €600,000,000 2.375 per cent. Bonds due 2020 (the “**Bonds**”) of ATOS SE, a *société européenne* registered at the *Registre du Commerce et des Sociétés* of Pontoise under the number RCS 323 623 603 (the “**Issuer**”) has been authorised pursuant to a resolution of the *Conseil d’administration* (Board of Directors) of the Issuer adopted on 16 June 2015 and a decision of the *Président - Directeur Général* of the Issuer dated 26 June 2015. The Issuer entered into an Agency Agreement dated 29 June 2015 (such agreement as amended and/or supplemented and/or restated from time to time, the “**Agency Agreement**”) with BNP Paribas Securities Services as fiscal agent and paying agent (the “**Paying Agent**” and, together with any other paying agents appointed from time to time, the “**Paying Agents**”, which term shall include successors) and as calculation agent (the “**Calculation Agent**”, which term shall include successors).

1. Form, Denomination and Title

(1) Form and Denomination

The Bonds are issued on 2 July 2015 (the “**Issue Date**”) in dematerialised bearer form in the denomination of €100,000 each. Title to the Bonds will be evidenced in accordance with Articles L.211-3 and R.211-1 of the French *Code monétaire et financier* by book-entries (*inscription en compte*). No physical document of title (including *certificats représentatifs* pursuant to Article R.211-7 of the French *Code monétaire et financier*) will be issued in respect of the Bonds.

The Bonds will, upon issue, be inscribed in the books of Euroclear France, which shall credit the accounts of the Account Holders. For the purpose of these Conditions, “**Account Holders**” shall mean any intermediary institution entitled to hold accounts, directly or indirectly, with Euroclear France, and includes Euroclear Bank S.A./N.V. (“**Euroclear**”) and the depositary bank for Clearstream Banking, société anonyme (“**Clearstream, Luxembourg**”).

(2) Title

Title to the Bonds shall be evidenced by entries in the books of Account Holders and will pass upon, and transfer of Bonds may only be effected through, registration of the transfer in such books.

2. Status of the Bonds

The obligations of the Issuer in respect of the Bonds and any interest payable under the Bonds constitute direct, general, unconditional, unsubordinated and unsecured obligations of the Issuer and (subject to the provisions of Condition 3) rank and will rank *pari passu*, without any preference among themselves and, subject to such exceptions as are from time to time mandatory under French law, with all other outstanding, unsecured and unsubordinated obligations, present and future, of the Issuer.

3. Negative Pledge

(1) Negative Pledge

So long as any of the Bonds remain outstanding, the Issuer undertakes not to, and undertakes to procure that none of its Material Subsidiaries (as defined in Condition 9) shall create any mortgage (*hypothèque*) over any real property assets or interests that it may or could possess, nor any pledge (*nantissement*) over all or part of its business (*fonds de commerce*) or other security interest (*sûreté réelle*), lien (*gage*) or pledge over all or part of its assets or income, present or future, for the benefit of holders of other bonds (*obligations*) issued or guaranteed by the Issuer or any Material Subsidiary that are listed (or capable of being listed) on a regulated market or another assimilated market, unless the Bonds are equally and rateably secured therewith.

This undertaking is given exclusively with respect to bond issues that are listed (or capable of being listed) on a regulated market or another assimilated market and does not in any way affect the right of the Issuer to freely dispose of its assets or to grant any security over such assets in any other circumstances.

4. Interest

(1) Interest Payment Dates

The Bonds bear interest from and including the Issue Date. The Bonds bear interest on their outstanding principal amount from time to time at the rate of 2.375 per cent. per annum, payable annually in arrear on 2 July in each year (each, an “**Interest Payment Date**”) commencing on 2 July 2016.

The amount of interest payable in respect of each Bond on each Interest Payment Date (assuming no partial redemption by the Issuer pursuant to Condition 6(4) below) shall be €2,375.

(2) Interest Accrual

Each Bond will cease to bear interest from and including the due date for redemption unless the Issuer defaults in making due provision for their redemption on said date. In such event, the Bonds will continue to bear interest in accordance with this Condition (both before and after judgment, as the case may be) until the calendar day (included) on which all sums in respect of such Bonds up to that calendar day are received by or on behalf of the relevant holder.

(3) Calculation of Broken Interest

When interest is required to be calculated in respect of a period of less than a full year, it shall be calculated on an Actual/Actual (ICMA) basis for each period, that is to say the actual number of calendar days elapsed during the relevant period divided by 365 (or by 366 if a February 29 is included in such period), the result being rounded to the nearest cent (half a cent being rounded upwards).

5. Payments

(1) Method of Payment

Payments of principal and interest in respect of the Bonds will be made in euro by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee in a city in which banks have access to the TARGET System. “**TARGET System**” means the Trans European Automated Real Time Gross Settlement Express Transfer (known as TARGET2) system or any successor thereto.

Such payments shall be made for the benefit of the Bondholders to the Account Holders and all payments validly made to such Account Holders in favour of the Bondholders will be an effective discharge of the Issuer and the Paying Agents, as the case may be, in respect of such payments.

Payments of principal and interest on the Bonds will, in all cases, be subject to any fiscal or other laws and regulations applicable thereto in the place of payment, but without prejudice to the provisions of Condition 7.

(2) Payment only on a Business Day

If any due date for payment of principal or interest in respect of any Bond is not a Business Day (as defined below), then the Bondholder thereof shall not be entitled to payment of the amount due until the next following calendar day which is a Business Day and the Bondholder shall not be entitled to any interest or other sums in respect of such postponed payment.

In this Condition:

“**Business Day**” means, any calendar day, not being a Saturday or a Sunday on which the TARGET System is operating.

(3) **Initial Paying Agent and Calculation Agent**

The name of the initial Paying Agent and Calculation Agent and its initial specified office is set out below:

BNP Paribas Securities Services
(Euroclear Affiliate number 29106)
Les Grands Moulins de Pantin
9 rue du Débarcadère
93500 PANTIN
France

The Issuer reserves the right at any time to vary or terminate the appointment of a Paying Agent or the Calculation Agent and to appoint additional or other Paying Agents or a successor Calculation Agent provided that it will at all times maintain:

- (a) a Fiscal Agent and a Calculation Agent; and
- (b) a Paying Agent in a Member State of the European Union that is not obliged to withhold or deduct tax pursuant to European Council Directive 2003/48/EC or any other law (of a country whether in or outside the European Union) implementing or complying with, or introduced in order to conform to, such Directive.

Notice of any termination or appointment and of any changes in specified offices shall be given to the Bondholders promptly by or on behalf of the Issuer in accordance with Condition 11.

6. Redemption and Purchase

(1) **Redemption at Maturity**

Unless previously redeemed or purchased and cancelled as provided below, the Issuer will redeem the Bonds at their principal amount on 2 July 2020.

(2) **Redemption for Taxation Reasons**

If, as a result of any change in, or amendment to, the laws or regulations of the Republic of France or any political sub-division or any authority thereof or therein having power to tax, or any change in the application or official interpretation of such laws or regulations, which change or amendment becomes effective after the Issue Date, the Issuer would, on the next Interest Payment Date, be required to pay Additional Amounts (as defined, and as provided or referred to in Condition 7(2)), and the requirement cannot be avoided by the Issuer taking reasonable measures available to it, the Issuer may at its option, at any time, having given not less than 30 nor more than 60 calendar days' notice to the Bondholders in accordance with Condition 11 (which notice shall be irrevocable), redeem all outstanding Bonds, but not some only, at any time at their principal amount together with interest accrued to but excluding the date fixed for redemption, provided that the due date for the redemption of which notice hereunder shall be given shall be no earlier than the latest practicable date on which the Issuer could make payment of the full amount payable in respect of the Bonds or, if such date is past, as soon as practicable thereafter.

(3) **Special Tax Redemption**

If the Issuer would on the next Interest Payment Date be prohibited by any law or regulation of the Republic of France from making the payment of the Additional Amounts as provided or referred to in

Condition 7(2), the Issuer shall, in lieu of making any such payments, at any time, having given not less than 7 calendar days' notice to the Bondholders in accordance with Condition 11, redeem all outstanding Bonds, but not some only, at their principal amount together with interest accrued to but excluding the date fixed for redemption, provided that the due date for the redemption of which notice hereunder shall be given shall be no earlier than the latest practicable date on which the Issuer could make payment of the full amount payable in respect of the Bonds or, if such date is past, as soon as practicable thereafter.

(4) **Redemption at the Option of the Issuer**

(a) **Pre-Maturity Call Option**

The Issuer may, at its option, at any time as from and including 2 April 2020 to but excluding the Maturity Date, having given not less than 15 or more than 30 calendar days' notice to the Bondholders in accordance with Condition 11 (which notice shall be irrevocable), redeem the outstanding Bonds, in whole or in part, at their principal amount together with interest accrued to but excluding the date fixed for redemption.

(b) **Make Whole Redemption by the Issuer**

The Issuer will, subject to compliance by the Issuer with all relevant laws, regulations and directives and having given not less than 30 nor more than 60 calendar days' notice to the Bondholders in accordance with Condition 11 (which notice shall be irrevocable), have the option to redeem the Bonds, in whole or in part, at any time prior to 2 April 2020 (the "**Optional Make Whole Redemption Date**") at their Optional Redemption Amount (as defined below).

The Optional Redemption Amount will be calculated by the Calculation Agent and will be an amount in Euro rounded to the nearest cent (half a cent being rounded upwards) being the greater of (x) 100 per cent. of the outstanding principal amount of each Bond so redeemed and (y) the sum of the then present values on the relevant Optional Make Whole Redemption Date of (i) the outstanding principal amount of each Bond and (ii) the remaining scheduled payments of interest on such Bond for the remaining term of such Bond (determined on the basis of the interest rate applicable to such Bond (excluding any interest accruing on such Bond from and including the Issue Date or, as the case may be, the scheduled Interest Payment Date immediately preceding such Optional Make Whole Redemption Date to, but excluding, such Optional Make Whole Redemption Date)), discounted from the Maturity Date to such Optional Make Whole Redemption Date on an annual basis at the Early Redemption Rate (as defined below) plus an Early Redemption Margin (as defined below), plus in each case (x) or (y) above, any interest accrued on the Bonds to, but excluding the Optional Make Whole Redemption Date.

The determination of any rate or amount, the obtaining of each quotation and the making of each determination or calculation by the Calculation Agent shall (in the absence of manifest error) be final and binding upon all parties. The Calculation Agent shall act as an independent expert and not as agent for the Issuer or the Bondholders.

"**Early Redemption Margin**" means 0.35 per cent. per annum.

"**Early Redemption Rate**" means the average of the three quotations given by the Reference Dealers of the mid-market annual yield to maturity of the Reference Benchmark Security on the fourth business day in Paris preceding the relevant Optional Make Whole Redemption Date at 11.00 a.m. (Central European time (CET)).

If the Reference Benchmark Security is no longer outstanding, a Similar Security will be chosen by the Calculation Agent after prior consultation with the Issuer if practicable under the circumstances, at 11.00 a.m. (Central European time (CET)) on the fourth business day in Paris preceding the Optional Make Whole Redemption Date, quoted in writing by the Calculation Agent to the Issuer.

“**Reference Benchmark Security**” means the German government bond (bearing interest at a rate of 0.00 per cent. per annum and maturing in April 2020 with ISIN DE0001141711).

“**Reference Dealers**” means each of the three bank(s) (that shall, under any practicable circumstances, be chosen among BNP Paribas, Mitsubishi UFJ Securities International plc and Société Générale) selected by the Calculation Agent which are primary European government security dealers, and their respective successors, or market makers in pricing corporate bond issues.

“**Similar Security**” means a reference bond or reference bonds issued by the German Government having an actual or interpolated maturity comparable with the remaining term of the Bonds that would be utilised, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the Bonds.

(c) **Partial Redemption**

In the case of a redemption on any day by the Issuer of less than all the outstanding Bonds on such day, pursuant to this Condition 6(4), such redemption will be effected by reducing the principal amount of all Bonds in proportion to the aggregate nominal amount of the Bonds so redeemed on such day, subject to compliance with any applicable laws and, so long as the Bonds are admitted to trading on Euronext Paris, the requirements of Euronext Paris.

(5) **Redemption at the Option of the Bondholders (Change of Control)**

In the event of a Change of Control (as defined below), each Bondholder will have the option (the “**Put Option**”) to require the Issuer to redeem or, at the Issuer’s option, purchase that Bond on the Optional Redemption Date (as defined below) at its principal amount together with interest accrued to but excluding the Optional Redemption Date.

In the event of a Change of Control, the Issuer shall inform the Bondholders by means of a notice published in accordance with Condition 11 (the “**Put Event Notice**”), no later than 30 calendar days after the effective date of such Change of Control. The Put Event Notice shall include information to the Bondholders regarding the procedure for exercising the Put Option, and shall indicate:

- (a) the scheduled date for the early redemption of the Bonds (the “**Optional Redemption Date**”), which shall fall between the 25th and 30th Business Days following the date of the Put Event Notice;
- (b) the redemption amount; and
- (c) the period of at least 15 Business Days from the date of the Put Event Notice, during which a Bondholder must transfer (or cause to be transferred by its Account Holder) its Bonds to be so redeemed or purchased to the account of the Paying Agent (details of which are specified in the Put Event Notice) for the account of the Issuer together with a duly signed and completed notice of exercise in the then current form obtainable from the specified office of the Paying Agent (a “**Put Option Notice**”) and in which the holder may specify an account denominated in euro to which payment is to be made. The Put Option Notice once given shall be irrevocable.

The Put Option Notice shall be received by the Paying Agent no later than five Business Days prior to the Optional Redemption Date.

The Put Option Notice shall be deemed to be dated on the Business Day on which the last of the two conditions (a) and (b) below is satisfied, if satisfied at or prior to 5:00 p.m. (Central European time (CET)) or the following Business Day if such satisfaction occurs after 5:00 p.m. (Central European time (CET)).

- (a) the receipt by the Paying Agent of the Put Option Notice sent by the relevant Account Holder in the books of which the Bonds are held in a securities account;
- (b) the transfer of the Bonds to the Paying Agent by the relevant Account Holder.

In this Condition:

“**Change of Control**” means the acquisition of Control of the Issuer by one or several individual(s) or legal entity or entities, acting alone or in concert, it being specified that, for the purpose of this definition, “**Control**” means holding (directly or indirectly, through the intermediary of companies themselves controlled by the relevant individual(s) or entities) (x) the majority of the voting rights attached to the shares of the Issuer or (y) more than 40% of the voting rights provided that no other shareholder(s) of the Issuer, acting alone or in concert, hold(s) (directly or indirectly, through the intermediary of companies themselves controlled by the relevant shareholder(s)) voting rights representing a percentage in excess of such percentage.

For the purpose of this definition, “acting in concert” has the meaning given to it in article L.233-10 of the French *Code de Commerce*.

(6) **Purchases**

The Issuer, or any of its Subsidiaries (as defined in Condition 9), may at any time purchase Bonds for cash consideration or otherwise (including, without limitation, by means of exchange) in the open market or otherwise, at any price and on any conditions, subject to compliance with any applicable laws. Bonds so purchased by the Issuer may be held and resold in accordance with applicable laws for the purpose of enhancing the liquidity of the Bonds or any other lawful purpose or in any other lawful manner.

(7) **Cancellations**

All Bonds which are redeemed will forthwith be cancelled and accordingly may not be reissued or resold.

Bonds that are purchased by or on behalf of the Issuer may be cancelled forthwith – in which case they may not be reissued or resold – or may be held and resold in accordance with applicable laws.

7. Taxation

(1) **Payment without Withholding**

All payments of principal and interest by or on behalf of the Issuer in respect of the Bonds shall be made free and clear of, and without withholding or deduction for, any taxes, duties or assessments of whatever nature imposed or levied by or on behalf of the Republic of France or any authority therein or thereof having power to tax, unless such withholding or deduction is required by law.

(2) **Additional Amounts**

If French law should require that any payments of principal, interest and/or other revenues in respect of the Bonds by the Issuer be subject to withholding or deduction for or on account of any present or future taxes, duties or assessments of whatever nature (“**Taxes**”) imposed or levied by or on behalf of

the Republic of France or any political sub-division or any authority thereof or therein having power to tax, the Issuer shall, to the fullest extent permitted by French law, pay such additional amounts (“**Additional Amounts**”) as shall be necessary in order that the net amounts received by the holders of the Bonds after such withholding or deduction shall equal the respective amounts of principal, interest and other revenues which would otherwise have been receivable in respect of the Bonds in the absence of such withholding or deduction; except that no such Additional Amounts shall be payable with respect to any Bond:

- (a) to, or to a third party on behalf of, a holder who is liable for such Taxes in respect of such Bond by reason of his having some connection with the Republic of France other than the mere holding of such Bond; or
- (b) where such withholding or deduction is required to be made pursuant to European Council Directive 2003/48/EC (as modified by EU Council Directive 2014/48 adopted by the European Council on 24 March 2014) or any other Directive implementing the conclusions of the ECOFIN Council meeting of 26-27 November 2000 or any subsequent meeting of the ECOFIN Council on the taxation of savings income or any law (of a country whether in or outside the European Union) implementing or complying with, or introduced in order to conform to, such directive or directives.

(3) **Interpretation**

Any reference in these Conditions to any amounts in respect of the Bonds shall be deemed also to refer to any Additional Amounts which may be payable under this Condition.

(4) **Supply of Information**

Each Bondholder shall be responsible for supplying to the Paying Agent, in a timely manner, any information as may be required in order for it to comply with the identification and reporting obligations imposed on it by the European Council Directive 2003/48/EC of 3 June 2003 (as modified by EU Council Directive 2014/48 adopted by the European Council on 24 March 2014) or by any other European Union Directive implementing the conclusions of the ECOFIN Council meeting of 26-27 November 2000 or any subsequent meeting of the ECOFIN Council on the taxation of savings income or any law implementing or complying with, or introduced in order to conform to, such directive or directives.

8. Prescription

Claims against the Issuer for the payment of principal and interest in respect of the Bonds shall become prescribed ten years (in the case of principal) and five years (in the case of interest) from the Relevant Date (as defined in Condition 7).

In these Conditions “**Relevant Date**” means the date on which the payment first becomes due but, if the full amount of the money payable has not been received by the Paying Agent on or before the due date, it means the date on which, the full amount of the money having been so received, notice to that effect shall have been duly given to the Bondholders by the Issuer in accordance with Condition 11.

9. Events of Default

The Representative of the Masse (as defined in Condition 10), acting on behalf of the Masse (as defined in Condition 10), by itself or upon request of any Bondholder may, upon written notice delivered to the Issuer, copied to the Paying Agent, cause, all but not some only of the outstanding Bonds to become immediately due payable at their principal amount together with interest accrued to but excluding the date fixed for early redemption, if the following events shall have occurred and be continuing:

- (a) the Issuer fails to pay on the due date any amount in respect of any Bonds and such default is not remedied within fifteen (15) Business Days as from such due date;
- (b) the Issuer fails to perform any of its other obligations under the Terms and Conditions of the Bonds and such default is not remedied within thirty (30) Business Days as from the date of receipt by the Issuer of written notice of such default given by the Representative of the Masse;
- (c) a default on payment of any of the Indebtedness (as defined below) or of a guarantee of Indebtedness of the Issuer or one of its Material Subsidiaries (as defined below) in an amount equal to at least 20 million euros (or the equivalent in any other currency), on the due date or at the end of any grace period, as the case may be;
- (d) upon any Indebtedness or of a guarantee of Indebtedness of the Issuer or one of its Material Subsidiaries being declared due and payable in an amount equal to at least 20 million euros (or its equivalent in any other currency) if such Indebtedness or such guarantee of Indebtedness is not repaid or such early termination is not cancelled, on the day of receipt by the Issuer (with copy to the Paying Agent), of the written notice of such default given by the Representative of the Masse; or
- (e) any Material Subsidiary requests the appointment of a *mandataire ad hoc*, becomes subject to a conciliation proceeding (*procédure de conciliation*), or the Issuer or any Material Subsidiary is subject to judicial liquidation (*liquidation judiciaire*) or the sale of all of its business or of any other equivalent measure or proceeding.

For the purposes of these Conditions:

“**Group**” shall mean the Issuer and its Subsidiaries for the time being.

“**Indebtedness**” means any debt (including in the context of financial lease (*crédit bail*) transactions) arising from the obligation to repay sums borrowed and which gave rise to a contract or any instrument whatsoever. For the avoidance of doubt, “Indebtedness” shall not include supplier credits and intra-Group loans.

“**Material Subsidiary**” means any Subsidiary (as defined below) (i) whose external revenue represents at least 5 per cent. of the consolidated revenue of the Issuer or (ii) whose total assets represent at least 5 per cent. of the consolidated assets of the Issuer, calculated on the basis of the latest financial statements of the Subsidiary and the latest consolidated financial statements of the Issuer.

“**Subsidiary**” means any corporate body or entity within the meaning of Article L.233-1 of the French *Code de commerce*.

10. Representation of the Bondholders

The Bondholders will be grouped automatically for the defence of their common interests in a masse (hereinafter referred to as the “**Masse**”).

The Masse will be governed by the provisions of the French *Code de commerce* with the exception of Articles L.228-48, L.228-59, R.228-67, R.228-69 and R.228-72 thereof, and by the conditions set out below, provided that notices calling a general meeting of the Bondholders (a “**General Meeting**”) and the resolutions passed at any General Meeting and any other decision to be published pursuant to French legal and regulatory provisions will be published only as provided under Condition 11 below:

- (a) **Legal Personality:** The Masse will be a separate legal entity, by virtue of Article L.228-46 of the French *Code de commerce* acting in part through a representative (the “**Representative**” or the “**Representative of the Masse**”) and in part through a General Meeting.
- (b) The Masse alone, to the exclusion of all individual Bondholders, shall exercise the common rights, actions and benefits which now or in the future may accrue with respect to the Bonds.

(c) **Representative:** The office of Representative may be conferred on a person of any nationality. However, the following persons may not be chosen as Representative:

- (i) the Issuer, the members of its Board of Directors (*Conseil d'administration*), its general managers (*directeurs généraux*), its statutory auditors, or its employees as well as their ascendants, descendants and spouse; or
- (ii) companies guaranteeing all or part of the obligations of the Issuer, their respective managers (*gérants*), general managers (*directeurs généraux*), members of their Board of Directors (*Conseil d'administration*), Executive Board (*Directoire*) or Supervisory Board (*Conseil de surveillance*), their statutory auditors, or employees as well as their ascendants, descendants and spouse; or
- (iii) companies holding 10 per cent. or more of the share capital of the Issuer or companies having 10 per cent. or more of their share capital held by the Issuer; or
- (iv) persons to whom the practice of banker is forbidden or who have been deprived of the right of directing, administering or managing an enterprise in whatever capacity.

The following person is designated as Representative:

MCM AVOCAT

The following person is designated as alternate Representative:

The Representative's remuneration for its services in connection with the Bonds is Euro 2,500 (VAT excluded) payable on 2 July 2015.

In the event of death, incompatibility, resignation or revocation of the Representative, such Representative will be replaced by the alternate Representative. The alternate Representative shall have the same powers as the Representative.

In the event of death, incompatibility, resignation or revocation of the alternate Representative, a replacement will be elected by the General Meeting.

All interested parties will at all times have the right to obtain the name and address of the Representative at the primary business office of the Issuer and at the offices of the Paying Agent.

- (d) **Powers of the Representative:** The Representative shall (in the absence of any decision to the contrary of the General Meeting) have the power to take all acts of management necessary in order to defend the common interests of the Bondholders.

All legal proceedings against the Bondholders or initiated by them, must be brought by or against the Representative.

The Representative may not interfere in the management of the affairs of the Issuer.

- (e) **General Meeting:** A General Meeting may be held at any time, on convocation either by the Issuer or by the Representative. One or more Bondholders, holding together at least one-thirtieth of the principal amount of the Bonds outstanding, may address to the Issuer and the Representative a demand for convocation of the General Meeting, together with the proposed agenda for such General Meeting. If such General Meeting has not been convened within two months after such demand, the Bondholders may commission one of their members to petition a competent court in Paris to appoint an agent (*mandataire*) who will call the General Meeting.

Notice of the date, hour, place, agenda and quorum requirements of any meeting of a General Meeting shall be published as provided under the French *Code de commerce*.

Each Bondholder has the right to participate in a General Meeting in person, by proxy, correspondence, or, if the *statuts* of the Issuer so specify, videoconference or any other means of telecommunications allowing the identification of the participating Bondholders. Each Bond carries the right to one vote.

In accordance with Article R.228-71 of the French *Code de commerce* which shall apply, the right of each Bondholder to participate in General Meetings will be evidenced by the entries in the books of the relevant Account Holder of the name of such Bondholder as of 0:00, Paris time, on the second (2nd) business day in Paris preceding the date set for the meeting of the relevant General Meeting.

- (f) **Powers of the General Meetings:** The General Meeting is empowered to deliberate on the dismissal and replacement of the Representative and the alternate Representative and also may act with respect to any other matter that relates to the common rights, actions and benefits of the Bondholders which now or in the future may accrue, including authorising the Representative to act at law as plaintiff or defendant in the name and on behalf of the Bondholders.

The General Meeting may further deliberate on any proposal relating to the modification of the Conditions including any proposal, whether for arbitration or settlement, relating to rights in controversy or which were the subject of judicial decisions, it being specified, however, that the General Meeting may not increase the liabilities (*charges*) to Bondholders, nor establish any unequal treatment between the Bondholders, nor to decide to convert the Bonds into shares.

General Meetings may deliberate validly on first convocation only if Bondholders present or represented hold at least a fifth of the principal amount of the Bonds then outstanding. On second convocation, no quorum shall be required. Decisions at meetings shall be taken by a two-third majority of votes cast by Bondholders attending such General Meetings or represented thereat.

The dynamic was also positive in Asia Pacific and Iberia led by Managed Services and Big Data & Cyber-security;
- France was stable as growth in Big Data & Cyber-security compensated the ramp-down of several Managed Services contracts. Consulting & Technology Services remained stable;

TAXATION

The statements herein regarding taxation are based on the laws in force in France and/or, as the case may be, the European Union as of the date of this Prospectus and are subject to any changes in law. The following summary does not purport to be a comprehensive description of all the tax considerations that may be relevant to a decision to purchase, own or dispose of, the Bonds. Each prospective holder or beneficial owner of Bonds should consult its tax adviser as to the French or, as the case may be, the European Union tax consequences of any investment in, or ownership and disposition of, the Bonds.

EU Directive on the Taxation of Savings Income

Under EC Council Directive 2003/48/EC on the taxation of savings income (the "**Savings Directive**"), each Member State is required, to provide to the tax authorities of another Member State details of payments of interest or other similar income paid by a paying agent within its jurisdiction to, or under certain circumstances collected to the benefit of, a beneficial owner (within the meaning of the Savings Directive) resident in that other Member State; however, for a transitional period, Austria and Luxembourg may instead apply a withholding system in relation to such payments. The rate of this withholding tax is currently 35 per cent. The transitional period is to terminate at the end of the first full fiscal year following agreement by certain non-EU countries to the exchange of information relating to such payments.

With effect from 1 July 2005, a number of non-EU countries, and certain dependent or associated territories of certain Member States, have agreed to adopt similar measures (either provision of information or transitional withholding) in relation to payments made by a paying agent within its jurisdiction to, or under certain circumstances collected to the benefit of, a beneficial owner (within the meaning of the Savings Directive) resident in a Member State. In addition, the Member States have entered into reciprocal provision of information or transitional withholding arrangements with certain of those dependent or associated territories in relation to payments made by a paying agent in a Member State to, or under certain circumstances collected to the benefit of, a beneficial owner (within the meaning of the Savings Directive) resident in one of those territories.

The Luxembourg Government has abolished the withholding tax system with effect from 1 January 2015, in favour of automatic information exchange under the Savings Directive.

On 24 March 2014, the Council of the European Union adopted an EU Council Directive 2014/48/EU amending and broadening the scope of the requirements described above. The changes will expand the range of payments covered by the Savings Directive, in particular to include additional types of income payable on securities. The Directive will also apply a "look through approach" to certain payments where an individual resident in a Member State is regarded as the beneficial owner of that payment for the purposes of the Directive. This approach may apply to payments made to or by, or secured for or by, persons, entities or legal arrangements (including trusts), where certain conditions are satisfied, and may in some cases apply where the person, entity or arrangement is established or effectively managed outside of the European Union. Member States are required to adopt and publish by 1 January 2016, laws and regulations necessary to comply with this Directive and apply these new requirements from 1 January 2017.

Taxation in France

The following is a summary of certain withholding tax considerations that may be relevant to holders of Bonds who (i) are non-French residents, (ii) do not hold their Bonds in connection with a business or profession conducted in France, as a permanent establishment or fixed base situated in France, and (iii) do not concurrently hold shares in the Issuer.

Savings Directive

The Savings Directive has been implemented in French law under Article 242-ter of the French *Code général des impôts* and Articles 49 I-ter to 49 I-sexies of Schedule III to the French *Code général des impôts*, which imposes on paying agents based in France an obligation to report to the French tax authorities certain information with respect

to interest payments made to beneficial owners domiciled in another Member State, including, among other things, the identity and address of the beneficial owner and a detailed list of the different categories of interest paid to that beneficial owner.

Withholding Tax

Payments of interest and other securities income made by a debtor with respect to certain debt securities (including debt in the form of bonds) are not subject to the withholding tax set out under Article 125 A III of the French *Code général des impôts* unless such payments are made outside France in a non-cooperative State or territory within the meaning of Article 238-0 A of the French *Code général des impôts* (a “**Non-Cooperative State**”), in which case a 75 per cent. withholding tax is applicable subject to exceptions, certain of which being set forth below, and to more favourable provisions of any applicable double tax treaty. The 75 per cent. withholding tax is applicable irrespective of the tax residence of the Bondholder. The list of Non-Cooperative States is published by a ministerial executive order, which is updated on a yearly basis.

Furthermore, according to Article 238 A of the French *Code général des impôts*, interest and other securities income are not deductible from the Issuer’s taxable income if they are paid or accrued to persons domiciled or established in a Non-Cooperative State or paid to a bank account opened in a Non-Cooperative State. Under certain conditions, any such non-deductible interest or other securities income may be re-characterised as constructive dividends pursuant to Articles 109 *et seq.* of the French *Code général des impôts*, in which case it may be subject to the withholding tax provided under Article 119-*bis* 2 of the same Code, at a rate of 30 per cent. or 75 per cent., subject to more favourable provisions of any applicable double tax treaty.

Notwithstanding the foregoing, neither the 75 per cent. withholding tax provided by Article 125 A III of the French *Code général des impôts*, the non-deductibility of the interest and other securities income nor the withholding tax set out in Article 119-*bis* 2 of the same Code that may be levied as a result of such non-deductibility, to the extent the relevant interest or income relates to genuine transactions and is not in an abnormal or exaggerated amount, will apply in respect of a particular issue of bonds provided that the Issuer can prove that the main purpose and effect of such issue of bonds is not that of allowing the payments of interest or income to be made in a Non-Cooperative State (the “**Exception**”).

Pursuant to the French administrative guidelines (*Bulletin Officiel des Finances Publiques – Impôts*) BOI-RPPM-RCM-30-10-20-40, n°70, BOI-INT-DG-20-50, n°550 and n°960 and BOI-IR-DOMIC-10-20-20-60, n°10 dated 11 February 2014, BOI-ANX-000364, n°20 dated 12 September 2012, an issue of bonds benefits from the Exception without the Issuer having to provide any evidence supporting the main purpose and effect of such issue of bonds, if such bonds are:

- (i) offered by means of a public offer within the meaning of Article L.411-1 of the French *Code monétaire et financier* or pursuant to an equivalent offer in a State other than a Non-Cooperative State. For this purpose, an “equivalent offer” means any offer requiring the registration or submission of an offer document by or with a foreign securities market authority; or
- (ii) admitted to trading on a regulated market or on a French or foreign multilateral securities trading system provided that such market or system is not located in a Non-Cooperative State, and the operation of such market is carried out by a market operator or an investment services provider, or by such other similar foreign entity, provided further that such market operator, investment services provider or entity is not located in a Non-Cooperative State; or
- (iii) admitted, at the time of their issue, to the operations of a central depository or of a securities clearing and delivery and payments systems operator within the meaning of Article L.561-2 of the French *Code monétaire et financier*, or of one or more similar foreign depositories or operators provided that such depositories or operators are not located in a Non-Cooperative State.

As the Bonds are admitted at the time of their issue to the operations of Euroclear France, payments of interest or other securities income made by or on behalf of the Issuer with respect to the Bonds will not be subject to the withholding tax set out under Article 125 A III of the French *Code général des impôts*.

Payments made to individuals who are fiscally domiciled in France

Pursuant to Articles 125 A and 125 D of the French *Code général des impôts* and subject to certain limited exceptions, interest and other revenues received under the Bonds by individuals who are fiscally domiciled in France are subject to a 24 per cent. withholding tax. This withholding tax is an advance payment made in respect of the personal income tax of the individual receiving the interest or revenue, which is deductible from his personal income tax liability in respect of the year during which the withholding has been made. Social contributions (CSG, CRDS and other related contributions) are also levied by way of withholding at an aggregate rate of 15.5 per cent. on interest and similar revenues paid by the Issuer under the Bonds, to individuals who are fiscally domiciled in France.
